2023 WATER INNOVATION & LEADERSHIP SUMMIT

WELCOME

Welcome to the 2023 Student Water Innovation & Leadership Summit! We're glad you're here.

This STEAM-focused event is designed to help students enhance their career or higher education readiness and discover career opportunities related to the water industry.

SAFETY

In addition to having fun and learning more about environmental careers, our priority for the day is safety:

- A Help Kiosk is located in the TWT lobby with staff ready to answer any questions you may have.
- Summit staff are wearing name tags and Summit volunteers are wearing lanyards, please feel free to ask them any questions.
- A School Resource Officer (SRO) is onsite should you need assistance.

THANK YOU TO OUR EVENT SPONSORS
